Alleva · Cold Call Pitch

Uresë · US: Behavioral health software (SDR dhe Senior Software Engineer) · Takimi me Travis Bennett

Çka bëjnë	Softuer cloud për qendrat e trajtimit të shëndetit mendor dhe varësive (helloalleva.com): kartela mjekësore (EMR), intake i pacientëve, faturim, analitikë dhe AI. Themeluar 2017, selia në Laguna Niguel, California. Rreth 78 punonjës, staf edhe në Draper (Utah) dhe Austin (Texas).
Pronarët	Venture-backed. Series A $12M në tetor 2022 (Ankona Capital). Asnjë raund që atëherë: rriten nga të ardhurat.
Çka po ndodh	Stabil. Në shkurt 2026 lansuan InCheck dhe shënuan 10 vjet rritje. Çmime Capterra dhe Software Advice në 2026.
Roli që shesim	SDR (Austin) para së gjithash. Pastaj Senior Software Engineer (Draper) dhe Implementation Specialist.
Problemi i tyre	SDR i hapur që nga nëntori 2025 dhe i ripostuar në korrik 2026. Një vend shitjesh bosh prej një viti do të thotë më pak demo me qendrat e trajtimit.
Avantazhi ynë	Ti vetë je SDR në Kosovë që thërret në orarin US: je prova e gjallë. Ata intervistojnë dhe zgjedhin secilin, punojnë në CRM dhe skriptin e tyre, ne mbajmë punësimin, HR, payroll dhe zëvendësimin.
Çmimi	Asnjë shifër dollari. I vetmi rresht i lejuar (Travis, 1 nëntor): "about a third of a US hire". Pjesën tjetër e tregon Travis në takim.
Case study	Wondr Health: ekipi SDR +200% në 6 muaj. Përputhet me rolin SDR, përdore. Mos shpik tjetër.
Landmine	Mos përmend raundin "$16M BlackRock" (i pakonfirmuar). Mos ofro staf klinik apo billing coders (duan licenca US). Mos e thuaj si fakt të ardhurat e tyre. Steven ka marrë email nga Outsorcy në tetor 2025 dhe s'u përgjigj: mos e përmend.

Pitch · John David

VP of Sales · Austin, TX (Central) · john.david@helloalleva.com

Kush është	VP of Sales që nga janari 2026. Në Alleva që nga 2021: Account Executive, Senior AE, Director of Sales. E njeh rolin SDR nga brenda. Menaxhon SDR-të në Austin.
Çka i bie	Pipeline dhe vendi SDR që s'mbushet.
Çka duam	20 minuta me Travis për një ose dy SDR.
Rëndësia	Thirrja e parë. Blerësi më i mundshëm.

1. OPENER

"Hi John, this is Uresë from Outsorcy. I know I'm calling out of the blue. Can I take 30 seconds to tell you why I called, and then you decide if it's worth continuing?"

Prit "yes".

2. HOOK + STAKES

"Your SDR seat in Austin has been open for a while. How is pipeline getting built while that seat is empty?"

NDAL. Lëre me folur. Ky është momenti më i rëndësishëm i thirrjes.

3. TURN: ÇKA BËJMË

"That's exactly why we exist. We help companies build their own SDR team in Kosovo. You interview and pick every person, they work your hours, in your CRM and on your script."

"We hold the employment, HR and payroll, and we replace anyone who isn't working out. Actually, you're talking to one right now: I'm calling you from Kosovo."

4. VALUE + PROOF

"One of our clients, Wondr Health, grew their SDR team by 200% in six months with us. Clients usually start with one or two."

5. CALL: PYETJA + TAKIMI

"What would next quarter look like with one more SDR booking demos with treatment centers full-time?"

"I'd love to set up 20 minutes with Travis from our team. He can show you real profiles. Would Tuesday or Thursday work better?"

Jep gjithmonë dy opsione konkrete, jo "when are you free?"

Kujdes: Asnjë çmim. Për HIPAA mos premto asgjë përtej "inside your systems, under your rules".

John David: si me ju përgjigj

Rejection-at më të mundshme nga ky person. Mëso instinktin, jo vetëm fjalët.

1. "Our SDRs need to sound local and know healthcare."

"You interview and pick every person, so you judge that yourself. Start with one seat and judge it on meetings booked."

2. "We're about to fill it."

"Great. If it fills, no harm done. If it doesn't, you'd have a shortlist ready. Would 20 minutes with Travis be useful as a backup?"

3. "Patient data has to stay protected."

"Completely understandable. They work inside your systems under your policies and access rules, and data doesn't leave your tools. Travis can go through the details." Mos premto asgjë tjetër.

4. "Talk to Steven."

"Will do. Can I tell him you suggested we speak?"

5. "We tried offshore SDRs before."

"What didn't work? The difference here is that you pick every person, they work only for your team, and we replace anyone who isn't working out." Dëgjo përgjigjen e tij para se të flasësh.

6. "How much?"

"About a third of a US hire. Travis covers the details in the 20 minutes. Would Tuesday or Thursday work?" Vetëm ky rresht. Asnjë shifër.

7. "Just send me an email."

"Happy to. So I send something useful, is the bigger gap the SDR seat or onboarding new centers?" Merr info-n, dërgo email-in, propozo datë konkrete.

VOICEMAIL (max 25 sekonda)

Hi John, thanks for the time on the phone. As promised: we help companies build their own SDR team in Kosovo. You interview and choose every person, they work your hours in your CRM, and we hold the employment, HR and payroll. Wondr Health grew their SDR team by 200% in six months with us.

Kush është	Bashkëthemelues dhe CEO që nga 2017. Më parë Product Manager në Kinnser Software. Aprovon shpenzimet.
Çka i bie	Rritja e kompanisë pa e rritur payroll-in US me të njëjtin ritëm.
Çka duam	20 minuta me Travis, ose leje për të folur me John-in.
Rëndësia	Thirrja e dytë. Mori email nga Outsorcy në tetor 2025: mos e përmend.

2. HOOK + STAKES

NDAL.

4. VALUE + PROOF

2. "Budget is tight."

"Understood. Clients start with one person on a six-month contract, so there's no big commitment. Travis can show you what that looks like."

3. "Patient data has to stay protected."

"Completely understandable. They work inside your systems under your policies and access rules, and data doesn't leave your tools." Mos premto asgjë tjetër.

4. "You emailed me last year."

"Fair. Timing matters. The SDR seat is still open, so I thought it was worth one call."

1. "We need engineers in the office."

2. "We handle patient data."

"Completely understandable. Before we share anything we sign an MSA that covers confidentiality and data protection, and they work inside your systems with your access controls." Mos premto asgjë tjetër.

3. "Time zones won't work."

"Kosovo is 9 hours ahead of California. Our people adjust their day to overlap with your team."

4. "We've had bad offshore experiences."

"What happened? The difference here is that you pick every person, they work only for your team, and we replace anyone who isn't working out."

Rejection-at e përgjithshme

Vlejnë për të gjithë.

1. "Not interested."

"Totally fair, I did call out of nowhere. Just so I know: is it because you're not hiring right now, or because you've already got this covered?" Mos u dorëzo menjëherë. Nëse prapë thotë jo, falënderoje dhe mbylle me respekt.

2. "We're not hiring right now."

"Makes sense. A lot of our clients weren't actively hiring either. They used us when the work was piling up but a local hire didn't make sense. If you could add one person, where would you put them?"

3. "Is this offshore?"

"Our team is in Kosovo, yes. They work your hours, in your tools, and you interview every single one. You're building your own team, not hiring a vendor."

4. "How much?"

"Pricing is handled by Travis on our team, and that's what the 20 minutes is for. Would Tuesday or Thursday work?" Nëse ngul këmbë: vetëm rreshti i lejuar në faqen 1. Asnjë shifër.

5. "What if the person doesn't work out?"

"We replace them right away. Our contracts are six months, then a rolling 60-day notice."

6. "I'm busy, call me later."

"Of course. When's a better time, tomorrow morning or Thursday afternoon?" Gjithmonë kërko orë konkrete. "Later" pa datë = "jo".

7. "Gatekeeper: "What is this regarding?""

"It's about adding people to the team. Could you put me through to [Emri]?" Fol me siguri, shkurt. Mos e shit pitch-in te gatekeeper-i.
